

**PERCH EVENT KIT
2021**

PERCH LOS ANGELES is an elevated resting place. A French inspired rooftop bistro that offers unobstructed views of Downtown Los Angeles that makes it feel as though you are floating at the skyline.

Ambiance

The ambiance at PERCH LOS ANGELES is incredibly unique at every turn. As you arrive to the 15th floor restaurant, bar & lounge you are greeted by beautiful antique inspired furniture, plush lounge couches and incredibly detailed woodwork, which will transport you to a French inspired restaurant of old. You can choose to enjoy the fresh, intimate indoor bohemian ambiance or be seated at one of the outside patios with ornate fireplaces, lush landscaping, breathtaking views of the Downtown L.A. skyline and a direct view to the stars above. If you are in search of a more intimate lounge experience, simply move on up to the 16th floor rooftop lounge with ornate furniture and cozy fire pits to enjoy delicious cocktails, great music and an unparalleled 360 degree view of Downtown L.A. PERCH is indeed the premier dining and nightlife destination in Los Angeles where you can indulge in a most comfortable, unpretentious and upscale atmosphere that features live jazz inspired music, while enjoying a sumptuous French cuisine dinner, followed by DJ's that will keep you swaying throughout the evening.

Cuisine

PERCH Executive Chef Gerardo Benitez has created a playful menu inspired by French culinary classics utilizing the freshest of seasonal ingredients. The menu consists of items that are meant to be shared as well as meals that stand boldly alone.

Bar

Whether you want to be inside the main bar under the 30 foot ceilings surrounded by vintage artwork and sweeping archways of windows with a wraparound balcony or on the rooftop with unobstructed views of Downtown Los Angeles, you will be able to experience a selection of specialty drinks that focus on simple, fresh Parisian inspired cocktails, a wine program, a crafted beer selection or even rare selection of Cognacs, Armagnac's and French Cordi.
